Tech Note
Performance Monitoring for TrueSight

BETTER MONITORING FOR THE WAY YOU DO IT
Businesses require their services and applications to be available 24x7 in today’s always on world. BMC supports specific infrastructure monitoring needs with PATROL knowledge modules. Whether you need to monitor Microsoft Exchange, an Oracle Database or support your virtual environment with VMware vSphere, we have you covered.

PATROL knowledge modules for TrueSight come pre-built with application specific intelligence to quickly monitor your BMC TrueSight solution based on the requirements of your unique IT environment.

EXPLORE PATROL KNOWLEDGE MODULES FOR TRUESIGHT

PATROL Knowledge Modules for OS monitoring:

BMC PATROL for Microsoft Windows:
  • BMC PATROL for Microsoft Windows Operating System
  • BMC PATROL for Microsoft Performance Monitor
  • BMC PATROL for Microsoft Cluster Server
  • BMC PATROL for Microsoft Windows Active Directory
  • BMC PATROL for Microsoft Windows Domain Services

KEY BENEFITS

• PATROL for TrueSight delivers the knowledge modules you need to monitor your environment.

Detect Performance Degradation:
• See which applications are performing at their peak – and which are not. When you gain visibility into the performance of your applications, you can troubleshoot faster and deliver the user experience your customers expect.

Increase Staff Productivity:
• With knowledge modules built specifically for your IT environment, IT Operations enjoys pre-built application specific intelligence.

Resolve Problems Quickly:
• PATROL knowledge modules for TrueSight help you solve problems faster by providing critical information about your environment.

Automated Recovery:
• Automated recovery actions help eliminate redundant and inefficient tasks. Now you can focus on what is truly important.

Ensure Applications are Available and Responsive:
• We want your up-time to be all the time. PATROL knowledge modules can help you get there. Reach root-cause faster and keep your applications performing with tailored IT intelligence built-in.
BMC delivers software solutions that help IT transform digital enterprises for the ultimate competitive business advantage. We have worked with thousands of leading companies to create and deliver powerful IT management services. From mainframe to cloud to mobile, we pair high-speed digital innovation with robust IT industrialization—allowing our customers to provide amazing user experiences with optimized IT performance, cost, compliance, and productivity. We believe that technology is the heart of every business, and that IT drives business to the digital age.

BMC – Bring IT to Life.
